General Rules

Exhibitors
Exhibitors must be a registered 4-H or FFA member who has not graduated from high school. The following counties may participate: Benton, Conway, Crawford, Faulkner, Franklin, Johnson, Logan, Madison, Perry, Pope, Scott, Sebastian, Washington, and Yell.

Registration Instructions and Fees (Entries must be *received* by April 1.)
Use a separate registration form for each exhibitor and for each species entry. Mail registration fees and form(s) to:

Cheryl West
14780 West Road
Prairie Grove, AR 72753

Enclose the following:

- Registration Form(s)
- Entry Fees (checks payable to the Washington County Fair)
- Self-addressed stamped envelope (for the return of premiums)

Direct questions to the Washington County Extension Office, (479)444-1755. Fairgrounds will be open on Friday for early arrival.

Expenses will be deducted from entry fees. The remaining money will be added to the allocated $4,000 premium, allowing us to pay more in prize money.

Weigh In
All livestock must be in place by 9:00am Saturday, April 8. Market animals, including steers, lambs, and market goats will officially weigh in Saturday, April 8 beginning at 9:00am. Release times will be announced by department superintendents. (See special rules on entry and release times for rabbits, and poultry.)

Exhibitors must show their own animals unless they have multiple animals in the ring(s) at the same time.

Bedding
Bedding will not be furnished. Beef, Goat and Sheep exhibitors must bring their own shavings. Straw is not allowed in barns.

Exhibition Livestock Health Regulations

Disease
Animals showing evidence of infectious or contagious disease, external parasitism, active ringworm lesions, multiple warts that are easily visible without close examination, or atrophic rhinitis may not participate.

Species Requirements
Animals entering the fairgrounds must meet the requirements of their particular species.

Certificate of Veterinary Inspection
Arkansas livestock (except for Arkansas sheep and steers) must be accompanied by a Certificate of Veterinary Inspection issued within 90 days prior to exhibition. A Certificate of Veterinary Inspection is a legible record (made on an official form issued from the state of origin) by an accredited veterinarian, which shows that the animal listed thereon meets health requirements of the state of destination. It must bear the identification of each animal. Separate certificates are required for each species of animal entered. The Certificate of Veterinary Inspection must show the following:

Arkansas Cattle

- Since Arkansas is a class-free state, Arkansas cattle are exempt from brucellosis testing.
- Heifers 4-12 months of age must be vaccinated.
- Heifers over 12 months old must be vaccinated unless they are from a Certified Brucellosis-Free Herd.
- Steers are not required to have a health certificate, but all animals will be examined and must be free of any

transmissible disease. Steers are not required to be tested for brucellosis or tuberculosis.

Sheep and Meat Goats

Sheep or meat goats showing clinical symptoms of scrapie will immediately be quarantined and required to undergo any approved diagnostic tests. The animal will be consigned to slaughter or destruction with submission of tissues to an approved diagnostic laboratory at the exhibitor's expense.

Commingling (as defined by the Arkansas Scrapie Regulation) of sheep or goats of different flock status (as defined by the Voluntary Flock Certification Program) is prohibited and must be reported to the VFCP state official and State Veterinarian.

Sheep or goats showing symptoms of disease, particularly foot rot, sore mouth, sheep pox, evidence of fungal infection, evidence of abscesses or draining abscesses, may not participate. These animals may be released by fair officials, veterinarians, and state or federal personnel.

Sheep

Sheep must be tagged with a Scrapie Identification Tag upon arrival at the fairgrounds. If your sheep are from a Certified Scrapie-Free Herd, advise the Superintendent and they will be penned accordingly.

Sheep will be inspected on the fairgrounds. Sheep showing symptoms of foot-rot or wool fungus may not participate.

Dairy Goats

Registered dairy goats entering the fairgrounds must be accompanied by a registration certificate (in exhibitor's name) with matching permanent identification.

Unregistered goats must be tagged with a Scrapie Identification Tag upon arrival at the fairgrounds.

If your goats are from a Certified Scrapie-Free Herd, advise the Superintendent and they will be penned accordingly.

Health certificates will not be required, but goats may be examined on grounds by fair personnel, veterinarians, and state or federal personnel. Goats showing evidence of disease may be released.

Rabbits
Health certificates will not be required for rabbits, but they must be free of disease with no ear mites or sore hocks.

Poultry
No Commercial Broilers or Turkeys can be exhibited.
An official representing the person sponsoring the exhibition must notify the State Veterinarian no later than 30 days prior to the exhibition, giving the names, place, inclusive dates and times of the event. The requirements for exhibition are as follows:

Pullorum-Typhoid Status
All poultry, including turkeys, must have had a negative Pullorum-Typhoid test within 90 days of the exhibition. This information will be documented on an NPIP form VS9-3, NPIP form VS9-2, or similar certificate and must accompany the poultry during the exhibition.

Poultry showing evidence of infectious or contagious disease or insect infestation may not participate.

Record Keeping
The exhibition sponsor must compile a list of all poultry present at the exhibition. The list must contain the name and addresses of each owner, the number, the species, breed, variety, type, sex and Pullorum-Typhoid status. A copy of this list will be retained by the exhibition sponsor for at least 12 months.
